Nourishing and plumping balm with vegetable oils (Shea, Cocoa, Coconut, Macadamia, Jojoba) and Sicilian Lemon essential oil. Highly moisturizing Hyaluronic Acid gives immediate volume and comfort to the lips and smooths wrinkles around the mouth area.

DIRECTIONS: Remove cap and rotate button at the base of the container, towards "open," and push, with the dispenser facing upwards. For the first application, it may be necessary to pump multiple times to load the dispenser with product. Each pump on the button will dispense the necessary amount of product for each application. Apply product by rotating the metal sphere around the lips and mouth area, with emphasis on wrinkles. Proceed by massaging with fingertips to improve absorption. When used on the skin around the mouth area, the product is best applied at night. When used exclusively on the lips, the product may be applied throughout the day. Always store product in a vertical position, with the dispenser facing upwards.

Morbida formulazione a base di pregiati oli vegetali (Karitè, Cacao, Cocco, Macadamia, Jojoba) aromatizzato con olio essenziale di Limone di Sicilia. A questi si aggiunge l'azione fortemente idratante dell'acido ialuronico che dona volume e comfort immediato alle labbra.

Modalità di utilizzo: togliere il coperchio e ruotare il pulsante, alla base del contenitore, nel verso indicato (open) e premere, alla prima apertura occorrerà premere più volte per caricare l'erogatore. Attendere che fuoriesca una piccola quantità di prodotto, applicare con lo stesso sulle labbra. Tenere sempre in verticale il contenitore, con il pulsante in basso, mentre si preme per far uscire il prodotto. Ogni pressione eroga alla base della sfera metallica la quantità di prodotto necessaria per un'applicazione. Massaggiare facendo ruotare la sfera sulle labbra e intorno alla bocca, insistendo sulle rughe. Lasciare assorbire bene il prodotto. Da applicare almeno tre volte al giorno.
